...and Skellefteå is in the middle:

Skellefteå:

A photograph of two women sitting on a light blue wooden bench on a grassy bank next to a body of water. The woman on the left has red hair and wears a black wide-brimmed hat, a brown leather jacket, and black leggings. The woman on the right has dark hair and wears a black leather jacket and black leggings. They are both smiling and looking towards the camera. A wicker basket filled with orange flowers sits on the bench between them. In the background, across the water, is a city with various buildings, including a prominent church spire. The sky is blue with some light clouds.

A silhouette of a person standing in a field of tall grass at sunset. The sky is a bright, solid yellow-orange. Several power lines stretch diagonally across the upper half of the image. The person is standing on the right side, facing left, and appears to be holding a long object, possibly a telescope or a tool. The overall mood is contemplative and creative.
